

X-Treme AmTopp Machine Film

AmTopp[®] X-Treme[™] machine film (EHB), one of the films in our High Performance Film Series, is a technologically advanced multiple layered structured cast film that renders superior strength allowing maximum load holding force and minimum film usage.

The film is engineered for optimum performance with total versatility on any high-speed automatic stretch wrapping equipment regardless of the load shape and weight.

The AmTopp X-Treme film has One Side Cling (OSC) that is suitable for many one-sided cling applications. Furthermore, the quiet unwind and clarity of the film makes the AmTopp X-Treme stretch film the ideal choice in any automated operation environment.

Features & Benefits

- Newest multiple layered structure
- Excellent stretch
- High tensile strength
- Superior load holding force
- One Side Cling (OSC)
- Outstanding puncture resistance
- Exceptional tear resistance
- Great optical clarity for electronic scanning
- ISO 9001:2015 Certified

Machine Film

AmTopp X-Treme film is a high performance machine film. Designed for use on high-speed automatic stretch wrapping equipment, the AmTopp X-Treme film renders the extra stretch and strength needed for fully automated operations.

The film's One Side Cling (OSC) and quiet unwind make it easy to work with, and the excellent clarity allows bar-code scanning at any stage in any automatic handling system.
